Dear host Family, my name is Diego, I am 16 years old, I am from Mexico.

I am a really energetic and enthusiastic person, I am tall of brown hair and eyes, I mostly like to have my hair long, I am a happy person and I don't like to get mad, I can't get mad easily, I am a person that is really into sports, like tennis, soccer, golf, swimming, but the one I like the most is snowboarding, I have done this sport for about 10 years, but I am not able to practice it a lot, only when I go somewhere with snow, it is kind of a family tradition.

I have my both parents and 2 sisters, in general I really have a good relationship with them and I trust them a lot, I like to help in the house and with what they ask me.

Usually in the weekends I like to go out with some friends, to parties, I like to go to the cinema with my family and like to go out and make different stuff, my hobbies are mostly sports, but I like to read, play xbox, watch tv and be with friends, I like to do those things because I feel good when I make them.

In school we don't have a lot of activities but I really like art and theatre, I think that they are really interesting and cool, I had them last year, but this year we don't, I really like math and chemistry, I think that is because those are the ones I am better at.

I am a social person and I like to make friends, it isn't really difficult for me, I am kind of a funny person and I laugh about lots of things, I like to take things seriously but in a good way too, I like to see the positive side of everything I can, I am a talking person, I sometimes have to trust in the person, I like to be a friendly and easygoing person, I like to make real the things that I want and to

accomplish my goals, that's why I really want to go
exchange, I know it is going to be an incredible
experience and that it will help me to improve as a
person, My sisters went in the past and told me that
it had been one of their most incredible experiences, I
chose Austria because it is a country that I would
really like to get to know, I have seen pictures and
I think it is a really beautiful place, also I like snow
and everything that comes with it, I think it would be
really fun and cool to get to know a snowy place, I would
like to get to know the people, places and cultures
of Austria, I really want to get to know a new place,
with a complete new language for me and new
people, so that I get to be a better person and have
kind of a new start in another place with other people.
Thank you very much for taking the time to read
this letter I hope that I can get to know you
and be able to become part of your family.
